Air Safety, Health and Security Intermediate Training

Posted On: Mar 01, 2010 (12:48:21)

A three-day Air Safety, Health and Security Intermediate Training has been scheduled for April 20 - 22, 2010 in San Antonio, Texas. Intermediate training concentrates on building the skills necessary to be an informed and effective safety committee member or chair. The training will focus on the roles and responsibilities of safety committee members, general skillbuilding, database management of incident reports, overview of security issues and initiatives, understanding and working with the FAA, FAR interpretations, problem solving, and ways to enhance communications with your members. We will also be discussing the legislative process as it relates to the safety committee workplace safety relevant to first responders. The training is scheduled to begin on Tuesday, April 20 at 9:00 am and is scheduled to end on Wednesday, April 22 by 5:00 pm. Please plan your flight schedule around these dates and times.

Space is limited so please sign up your committee members as soon as possible. Additional details and an RSVP form are available in both MSWord and PDF formats through the members-only Training Library section of this site. Attendance will be decided on a first-come, first served basis using the received date of the reservation. RSVP forms are due no later than Monday, March 29, 2010.
